## HIGHLIGHTS

- Passionate about STEM, education, and creating engaging learning experiences.
- Energized by fast-paced and people-centred work environments.
- Experience leading the development and implementation of complex projects.
- Collaborative and independent writing experience with scientific reports, progress reports, grant applications, project planning, and conference materials.

## EDUCATION

**Master of Education**, Simon Fraser University, 2019

*Educational Technology and Learning Design*

GPA: 4.1/4.33

Coursework in Educational Psychology, Instructional Design, and Learning Theories.

**Master of Science**, Simon Fraser University, 2017

*Physics (Biophysics)*

GPA: 4.15/4.33

Coursework in Biophysics, Physics, and Mathematics.

Thesis: “Energy-speed-accuracy tradeoffs in driven, stochastic, rotary machines”

Supervisor: David Sivak

**Honours Bachelor of Science**, McMaster University, 2015 *Honours Integrated Science (iSci) with concentration in Biophysics* GPA: 11.6/12 (*summa cum laude*)

Coursework in Earth Sciences, Chemistry, Biology, Physics, Mathematics, Computer Programming, and Science Literacy.

Thesis: “The effects of viscosity on the swimming dynamics of *C. elegans*”

Supervisor: Kari Dalnoki-Veress

## EXPERIENCE

**Treefrog Accelerator, Treefrog Inc.**

*Program Manager*

*June 2021 - January 2022*

- Manage all aspects of the 5-week online Treefrog Accelerator program, coordinating with 44 guest speakers and 15 mentors to deliver over 200 hours of live training to 77 startups in 2021.
- Execute interactive online public events for diverse stakeholders on Remo.
- Collaborate with partners in government and post-secondary weekly, including providing qualitative and quantitative metrics of program success.

**Mom Has to Poop**

*Founder*

*September 2020 - Present*

- Empowering new moms through a book of positive affirmations, online community, and live discussions with expert speakers.
- Manage all operations including book production, website, and order fulfilment.

**Beedie School of Business, Simon Fraser University***Student Engagement Coordinator**September 2019 - June 2021*

- Led the development of a two-month online program for over 200 undergraduate students featuring 5 asynchronous modules, live guest speakers, and a two-round case competition supported by over 50 industry expert judges.
- Consolidated five years of data to report deeper insights into program performance.

**Kasper Education***Founder**March 2019 - August 2019*

- Responsible for logistics, marketing, risk management, budget, and execution of a one-week enrichment program for youth that ran in August 2019.
- Developed and delivered project-based computational research curriculum using Jupyter Notebooks.

**Faculty of Applied Sciences, Simon Fraser University***Events and Marketing Coordinator**August 2018 - August 2019**Outreach and Community Engagement Coordinator**January 2019 - August 2019*

- Design and run workshops for kids and teachers about coding and engineering.
- Established the outreach volunteer training program following a blended model.
- BC Ambassador for [Technovation](#), an international app development and entrepreneurship competition for girls: coordinate all program logistics, support girls and mentors, and prepare reports for sponsors.

**Faculty of Science, Simon Fraser University***Teaching Assistant for Science Communication: An Introduction**Spring 2018*

- Weekly tutorials and guest lecture “Teaching Science With Hands-on Activities”.
- Work with the instructor to develop rubrics and support student learning.
- Set-up the course content on Canvas and tech-support for instructor.

**School of Computing Science, Simon Fraser University***Invent the Future Program Coordinator**October 2017 - August 2018*

- Plan and execute the inaugural year of a 2-week overnight summer enrichment Artificial Intelligence program for teen girls including managing budget of \$90,000.
- Manage hiring and training of 14 staff members.
- Work with the Program Director to develop curriculum and contribute to building a challenging yet supportive learning environment.
- Completed research ethics training and facilitated data collection on participants.

**Let's Talk Science at Simon Fraser University***Site Coordinator**April 2016 - May 2018*

- Develop and deliver volunteer training on evidence-based teaching best practices.
- Communicate with stakeholders to maintain and build relationships through email, telephone, in-person discussions, and progress presentations.

## **VOLUNTEER EXPERIENCE**

<b>Department of Physics, Simon Fraser University</b>	
<i>Research Assistant</i>	September 2015 - August 2017
<b>Department of Physics and Astronomy, McMaster University</b>	
<i>Research Assistant</i>	Summers 2014 & 2015
<i>Teaching Assistant for Physics of Living Systems</i>	Fall 2014
<b>Thunderhouse Forest Services</b>	
<i>Tree Planter</i>	Summers 2012 & 2013
<b>Durham District School Board</b>	
<i>Classroom Assistant</i>	Summer 2011
<b>Girl Guides of Canada</b>	
<i>Unit Leader</i>	2007 - Present
<b>Let's Talk Science at SFU</b>	
<i>School Program Presenter</i>	Sept. 2015 - May 2018
<b>Girls in Science at McMaster</b>	
<i>Group Leader</i>	2015
<i>Workshop Leader</i>	2014
<b>iSci High School Workshop at McMaster</b>	
<i>Mentor and Program Development</i>	2015
<i>Chair</i>	2014
<i>Chair of Grade 9/10 Program</i>	2013
<i>Program Development</i>	2012
<b>Youth Engaging in Science (YES) Mentorship Program at McMaster</b>	
<i>Mentor</i>	2012/13
<b>McMaster Undergraduate Physics Society</b>	
<i>VP Academic</i>	2013/14 and 2014/15
<b>GENERAL AUDIENCE TALKS</b>	
<b>ATP Synthase, The Most Impressive Machine on Earth</b>	
Science Slam @ Et Al Too: Ultimate Bar Science Night (20/09/2017)	
→ 1st place	
<b>Work-Speed-Accuracy Tradeoffs in Molecular Machines</b>	
3MT Western Regional Competition, University of Saskatchewan (28/04/2017)	
3MT Competition, Simon Fraser University (27/03/2017)	
→ 1st place, SFU-wide competition.	
Science 3MT Competition, Simon Fraser University (09/03/2017)	
→ Overall winner chosen by judges.	

## CONFERENCE PRESENTATIONS

L. Amouzandeh, D. De Guzman, **A. Kasper**, P. MacDowell, Q. Wang, J. Wong. *Creating AR Experiences with Students to Enrich Curriculum and Build Community*. Congress 2019 of the Humanities and Social Sciences, University of British Columbia (02/06/2019)

**A. Kasper**, A. Ward. *STEAM Support at Home: Empowering Parents and Role Models of Girls*. BC Science Outreach Workshop, TELUS World of Science (04/04/2019)

**A. Kasper**, D. Sivak. *Work-Speed-Accuracy Tradeoffs in Molecular Machines*. Frontiers in Biophysics, University of British Columbia (16/06/2017)

**A. Kasper**. *F<sub>1</sub>-ATPase conformational cycle from simultaneous single-molecule FRET and rotation measurements*. Biophysics Journal Club, Simon Fraser University (24/05/2016)

**A. Kasper**, M. Backholm, R. Schulman, and K. Dalnoki-Veress. *The Effects of Viscosity on the Swimming Dynamics of C. elegans*. Synthesis: Integrated Science Symposium, McMaster University (30/03/2015)

**A. Kasper**, M. Backholm, R. Schulman, and K. Dalnoki-Veress. *Tethered Microswimmers: Characterizing the Swimming Dynamics of a Worm*. Canadian Undergraduate Physics Conference, Queen's University (25/10/2014)

**A. Kasper**, S. Symons, and J. Hayward. *Using NetLogo to Model Cancer Radiation Treatment*. Undergraduate Physics Colloquium Series, McMaster University (03/10/2014)

**A. Kasper**, S. Symons, and J. Hayward. *A NetLogo Model for Fractionated Radiation Treatment*. Synthesis: Integrated Science Symposium, McMaster University (08/04/2014)

## PUBLICATIONS

*Modeling work-speed-accuracy trade-offs in a stochastic rotary machine*. **A. K. S. Kasper** and D. A. Sivak. Phys. Rev. E. **101**, 032110 (2020)

*The Effects of Viscosity on the Undulatory Swimming Dynamics of C. elegans*. M. Backholm, **A. K. S. Kasper**, R. D. Schulman, W. S. Ryu, and K. Dalnoki-Veress. Physics of Fluids **27**, 091901 (2015)

## POSTERS

**A. Kasper**, D. Sivak. *Energy-Speed-Accuracy Trade-Offs in Driven Stochastic Rotary Motors*. Physics Departmental Poster Competition, Simon Fraser University (03/03/2017)  
→ *Voted one of top three posters (unranked)*.

**A. Kasper**, D. Sivak. *Energy-Speed-Accuracy Trade-Offs in Driven Stochastic Rotary Motors*. Engineering Approaches to Biomolecular Motors: From in vitro to in vivo, Simon Fraser University (16/06/2016)

## CONFERENCE COMMITTEES

**Science Writers and Communicators of Canada: On the Edge**  
SFU Harbour Centre and TELUS World of Science, April 12-14, 2018  
*Co-chair*

**Let's Talk Science Western Regional Outreach Conference**  
Simon Fraser University, February 9 - 11, 2018  
**Chair Physics Careers and Networking Conference (The PiCNiC)**  
Simon Fraser University, May 26, 2017  
*Committee member*

**Frontiers in Biophysics 2016**  
*Committee member*

## CONFERENCE ATTENDANCE

**Science Writers and Communicators of Canada: On the Edge**  
Vancouver, April 12-14, 2018

**Let's Talk Science Western Regional Outreach Conferences**  
Simon Fraser University, February 9 - 11, 2018  
University of Lethbridge, February 10 - 12, 2017

**BC Science Outreach Workshops**  
TELUS World of Science, March 5, 2018 and March 6, 2017

**Frontiers in Biophysics**  
University of British Columbia, June 16, 2017 and March 14, 2015

**Engineering Approaches to Biomolecular Motors: From *in vitro* to *in vivo***  
Simon Fraser University, June 14 - 17, 2016

**Let's Talk Science National Outreach Conference**  
Western University, June 1 - 5, 2016

**Canadian Undergraduate Physics Conference (CUPC)**  
Queen's University, October 23 - 26, 2014

**Canadian Conference for Undergraduate Women in Physics (CCUWiP)**  
McGill University, January 10 - 12, 2014

**Synthesis: Integrated Science Symposium**  
McMaster University, April 2012, 2013, 2014 & 2015

## AWARDS & SCHOLARSHIPS

\* Denotes competitions requiring a written component.

Winner of the SFU Three Minute Thesis Competition (\$1,500)	March 2017
Winner of the SFU Science Three Minute Thesis Competition (\$500)	March 2017
Winner of the SFU Physics Departmental Poster Competition (\$100)	March 2017
NSERC CGS-Master's at Simon Fraser University* (\$17,500)	Starting May 2016
Graduate Dean's Entrance Scholarship (\$3,000)	Fall 2016
SFU Special Graduate Entrance Scholarship (\$6,000)	Fall 2015
Provost Prize of Distinction, SFU (\$10,000)	Starting Fall 2015
C.D. Nelson Memorial Graduate Entrance Scholarship, SFU (\$12,000)	Fall 2015
SSHRC CGS-Master's at The University of British Columbia* (Declined)	Fall 2015
Valedictorian for the McMaster Physics Class of 2015	2015
NSERC USRA at McMaster University* (\$8,000)	Summer 2014
The Marnie Spears Scholarship* (\$1,200)	2014
The Dr. Harry Lyman Hooker Scholarship (\$1,500/ year)	2012, 2013, & 2014
The J.L.W. Gill Prize (\$325)	2014
A.B. McLay Scholarship in Physics (\$500)	2013
The Mabel Stoakley Scholarship*(\$425)	2013
The Gwen George Award* (\$1,500)	2012
Bronze Governor General's Academic Medal	2011
